

We're Proud to Offer the Quality Builders Warranty

Quality Builders Warranty Corporation (QBW) is the nation's premier 10-year new home warranty program. Builders that display the QBW logo bear the mark of Integrity, having passed a strict set of standards. These "Builders of Integrity" strive for excellence, consistently creating quality homes and providing dedicated service to their customers. Homebuyers obtain piece of mind when they select a builder approved by QBW.

Additionally, a QBW membership helps potential homebuyers by providing them with significant benefits when they buy a new home.

Here's what you can gain by purchasing your new home from Shugart Homes:

Confidence: Because of QBW's rigorous screening process, homeowners know that Shugart Homes is among the best builders in the country. As a member, we can recommend our services with confidence.

Insurance Discounts: Because of the selectivity of QBW's screening process, Liberty Mutual, their insurer, recognizes the integrity of QBW Builders. Our customers directly benefit from the quality of our workmanship because Liberty Mutual gives discounts on homeowner's insurance to purchases of QBW homes. Liberty Mutual also gives group auto insurance discounts to these homeowners, so within a short period of time the money the customer saves on insurance has more than paid for the warranty.

Resale Value: The QBW warranty is automatically transferable to subsequent homebuyers within the 10-year period, giving the original homebuyer a valuable resale tool.

Peace of Mind: As a QBW Builder, we can give you the assurance that your home has been built properly. The warranty is a clear set of written standards that eliminates gray areas as possible disputes between homeowners and builders. In the event a concern does arise, customers know that their warranty is backed by Liberty Mutual, a nationally licensed insurance company. As a member of QBW, we let homeowners know that they are protected as they make the biggest investment of their lives.
